### **Road Closure–Pickard Avenue South of Lindsey Street**

The City of Norman and the University of Oklahoma are currently installing 24-inch and 16-inch waterlines along the south side of Lindsey Street from Chautauqua Avenue to Berry Road. This work will require temporarily closing Lindsey Street and/or side streets in sections.

Beginning at 9 a.m. Tuesday, June 23, Pickard Avenue south of Lindsey will be closed to install the waterline across Pickard and repair the road surface; it is expected to reopen by 5 p.m. Friday, June 26. Drivers are urged to use alternate routes such as Flood Avenue and Wilson Street.

Other street closures will be issued as required during project construction. Weather permitting; the Lindsey Street Waterline Improvements should be complete by September 2015.
